

6 July 1951

Memorandum for: Deputy Director (Plans)

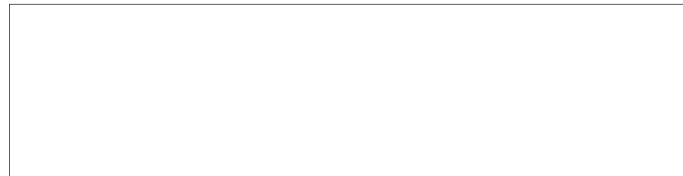

From: Legislative Counsel

Subject: Dr. Baranski

1. I was informed on the Hill today that a Pole by the name of Dr. Baranski has just been appointed as financial advisor to the Negus of Ethiopia.

2. Dr. Baranski was the representative of the Polish Government (Communist) for four years at the World Bank here in Washington. When Russia and the satellites left the World Bank a year or two ago, Dr. Baranski was continued on the Bank staff. He evidently served the Polish Communist Government very well.

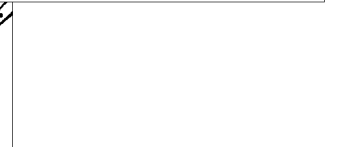

3. This information was transmitted to me as a matter of interest, particularly in view of the fact that a Communist should receive a position so close to the Negus.
